Prulho is reinventing its 'Œuvre d'Art' range with a more refined and modern **collector's item**. This new creation, called 'ÉQUILIBRE', is a perfect illustration of the spirit and history of PRULHO, because a great cognac is the result of a balance of aromas that assert themselves and develop over time.

This finesse has been created through long ageing in oak casks and double distillation in stills designed by Robert and Richard PRULHO.

This fabulous cognac takes even the greatest of connoisseurs on an excellent journey and it is best enjoyed neat.

## TASTING NOTE

**VISUAL** : Amber colour with copper highlights.

**FLAVOURS** : Pronounced intensity characteristic of old Cognacs. Notes of jasmine, lilac and aged oak.

**MOUTH** : Its refined, creamy palate reveals notes of plum, vanilla, candied fruit and spices.

**FINISH** : Long on the palate, with a very satisfying finish. Wonderful !
